

## Fogo Island Inn Named to Condé Nast Traveler 2014 Hot List

It was announced yesterday that [Fogo Island Inn](http://www.fogoislandinn.ca) in Newfoundland, Canada, has been named to the *Condé Nast Traveler* 2014 Hot List of the best new hotels in the world. The “**Hot List**” will be featured in the May issue of *Condé Nast Traveler* and is also available on <http://www.cntraveler.com>

Every year hundreds of hotels open. *Condé Nast Traveler* editors and contributors considered 510 this year alone, in 400 cities and 93 countries. The 2014 Hot list is a roundup of their 33 favourite hotels that made a debut this past year. “The team at the Inn, that sits remotely off of one of the wildest and most powerful oceans on the planet, is proud to be recognized among such a striking roster of new hotels,” says David Curell, General Manager of Fogo Island Inn. “We look forward to continuing to impress travel enthusiasts globally.”

To produce the 18<sup>th</sup> annual Hot List either a Condé Nast Traveler editor or contributor personally visited each property. Hotel properties were judged on their sense of place: a hotel that celebrates where it is in the world. A sense of personality: a hotel where it feels like every decoration has been hand-chosen by a person, not by a committee. And a sense of intuition: a hotel where it feels like your needs are considered before you even know what they are.

Fogo Island Inn shares coveted recognition with 33 other standout properties. To see the full list of *Condé Nast Traveler* 2014 Hot List, visit:

### **ABOUT THE FOGO ISLAND INN**

Fogo Island Inn sits on an Island, off an Island, off one of the four corners of the Earth. Every one of the Inn’s 29 one-of-a-kind guest suites has dramatic floor-to-ceiling windows that open onto the wildest and most powerful ocean on the planet, located less than 100 feet from an organic natural-fibre dream bed. Most suites have a wood-burning fireplace stove; all are furnished with quiet luxuries and handmade furniture and quilts – a stimulating relief from the numbing uniformity of modern times. Built on the principles of sustainability and respect for nature and culture, the award-winning Inn was designed by architect [Todd Saunders](http://www.toddsauanders.com). The Inn is a community asset and all surpluses from the operation are reinvested in the community to help secure a long-lasting resilience for Fogo Island, Newfoundland.
