Dig in to an idea.

The food on your plate embodies a commitment to place — a commitment to Fogo Island. This Inn was built to hold on to what we know — to carry forward our culture, history, and traditions.

But it is not a museum. We want to find “new ways with old things.”

We optimize for community benefit by using social business and a new model for philanthropy to provide economic nutrition to our communities.

Fogo Island Inn is owned by a charity called Shorefast. 100% of the profits from the Inn go back to Shorefast to feed its charitable programs. There is no private financial gain.

This is more than an Inn; it is a place with social purpose.
